# Grange Social Bowls Club

Opened in 1945, Grange Social Bowls and Community Club enjoys a rich history as a focal point for the the community of Grange and the surrounding suburbs. Bowls, an enjoyable and inclusive sport for all ages and abilities is the focus of the club, however it is more and more becoming a welcoming celebrations space for our community.

The club hosts hundreds (if not thousands) of individuals every weekend across a range of different social catchups and events, including both formal and informal gatherings.

The key to our club is the space we are afforded by the surrounding green space which is not being used by Bowls. If you have a young family and live on the Northside, chances are you've been invited to catch up with friends at Grange Social.
